Project Demo Planning

Date	29 september 2026
Team ID	6ab2abc01266c775575a9dda
Project Name	Farm Management System
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Farmers face difficulties in managing crops, farm activities and records manually. Our system provides a digital solution for easy farm management.	1 min	Team Member 1
2	Solution Overview	Explain the Farm Management System, its modules and how it helps farmers manage their farm activities.	1 min	Team Member 2
3	User Login / Dashboard	Demonstrate login and dashboard features and show the main options available in the system.	1 min	Team Member 3
4	Farm & Crop Management	Demonstrate adding farm details, crop details, planting information and updating crop records.	2 min	Team Member 4
5	Task / Resource Management	Demonstrate managing farm activities, irrigation, fertilizers, pesticides and other resources.	2 min	Team Member 5

6	Reports & Conclusion	Show reports/records, explain benefits and conclude the project.	1 min	Team Member 1

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the problems faced by farmers in maintaining farm records and activities manually.
2	Solution Overview	Explain how Farm Management System provides a centralized digital platform for managing farm information.
3	Live Feature Demonstration	Demonstrate login, dashboard, farm/crop management, tasks and reports.
4	Q&A Session	Answer questions about the system, features, technologies and future improvements.
